**Your
patients
weren't
chosen
for their
good sense**

**But you can help choose
a more sensible approach
to healthcare for them**

Your patients weren't chosen for their good sense, but we know you wouldn't want them any other way. Here at Vets Choice insurance for pets we're sensible, so they don't have to be.

Our policy is packed with features and benefits to get your patients back up and running...

Even if that's in the mud.

Vets Choice insurance for pets

Vets Choice insurance for pets is a pet insurance product endorsed by vets for pets and backed by a 20-year partnership between Guild Insurance and the Australian Veterinary Association (AVA).

With three levels of cover, your customers can choose the level of cover their pet needs to provide them with the peace of mind they're looking for.

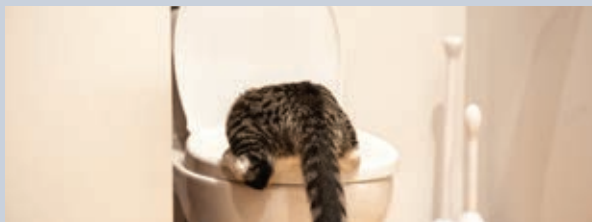

Rookie Exclusively available through referral vets	Free 28-day cover for puppies and kittens.
Pro	Our accident and specified illness policy.
Elite	Our accident and extended illness policy.

Plus, there is an option to increase the limit of ACL cover on the policy.

*Please note, Dental Plus is an extension of the Dental add-on, and cannot be purchased on its own or added to Vets Choice Rookie policies.

Not only does Vets Choice insurance for pets offer a sensible pet insurance product for your customers, it also comes with a range of benefits for vets including:

-  Pre-approval for scheduled procedures and treatments that you provide to your patients
-  Vets Choice insurance for pets was built with direct input from the AVA and vets like you. We constantly accept, consider and act on feedback from the vet community, to make sure our product responds to the direct needs of vets and pets
-  Little to no administration for your vet practice if a pet owner raises a claim with our fast-online claims process
-  Ability to provide the treatments needed by your patients without the difficult 'cost versus treatment' conversation
-  25% discount for vets and practice staff when your pet's insured by us

Plus, every policy that's sold contributes to a local animal shelter as well as the Vets Benevolent Fund, giving back to the profession and providing support for animals that are looking for a new best friend.

Our policy has been developed to help more pets receive the care they need, by minimising the financial impact essential treatment can have on owners.

No matter what level of cover they choose, your customers will receive:

No gap-payment – Pet owners get 100% of their eligible vet fees back. Excesses, policy limit and sub-limits still apply

Pre-existing conditions – We will cover conditions that have been successfully treated, if they reoccur

Preventable conditions extension – Should your patients contract an illness or condition they've been vaccinated against, we will cover the illness

Cover for life – Lifetime cover for your patients while they are insured with Vets Choice

Major accident and illness cover – Cover for cancer, tick paralysis, bone breaks and fractures, and ACL injuries

No claims bonus – Pet owners are rewarded for keeping their pets happy and healthy with a no claims bonus

Multi-pet discount – Pet owners receive a multi-pet discount when insured with Vets Choice
